Umesh Shukla  
Virendra Gupta

## An invitation to 8<sup>th</sup> Annual Hindu Mandir Executives' Conference, September 20-21, 2013, Toronto , Canada

June 10, 2013

The Chairman / President  
Board of Trustees  
*Saadar namaskaar*

**LEARN SHARE SUSTAIN**

On behalf of the national steering and HMEC 2012 planning committee, we cordially invite the present and past officers of your temple to participate in the 8th Hindu Mandir Executives' Conference (HMEC-2013). As you may already know in the last 7 years, every year an average of 100+ temples participated across the USA and Canada in HMEC.

**HMEC is the largest annual conference for Hindu Organizations in  
North America**

### **HMEC 2013 Theme: The Role of Temples in Sustaining Dharma in America**

The growth of Hindu Dharma in America critically depends on the extent to which our next generations remain anchored in our timeless traditions. Ensuring this requires our collective thought, action and commitment. HMEC 2013 will be a venue where this important question is deliberated upon for strategic planning and execution.

By virtue of your proven commitment to the cause of Hindu Dharma, such an important deliberation is incomplete in your absence. **Your presence and the temples' representation is a key success factor for HMEC 2013.**

We request you to kindly participate in the conference to shape the future trajectory of this important initiative. Please contact any member of the guiding team for additional information or clarification. Please visit [www.myhmec.com](http://www.myhmec.com) for on-line registration.

Yours truly,

Vipul Patel, PhD  
Convener, HMEC 2013
